Participation at the Meeting

The procedures for participation at the Meeting are different for a Shareholder whose name appears on the Corporation's records as a Shareholder (a "**Registered Shareholder**") and a non-registered Shareholder whose Common Shares are registered in the name of a nominee, such as a bank, trust company, securities broker or other intermediary (a "**Beneficial Shareholder**").

Registered Shareholders

Registered Shareholders may vote in person at the Meeting, as described below under "General Proxy Information – How to Vote – Registered Shareholders."

Beneficial Shareholders

A Beneficial Shareholder that would like to vote at the Meeting must appoint themselves as a proxyholder, as described below under "General Proxy Information – How to Vote – Beneficial Shareholders." Beneficial Shareholders who have not appointed themselves as proxyholders will be able to participate as a guest but will not be able to vote or ask questions at the Meeting.

GENERAL PROXY INFORMATION

Who is Seeking my Vote?

Management is soliciting proxies from Shareholders for the Meeting. The costs incurred in the preparation and mailing of the form of proxy, Notice and this Circular will be borne by the Corporation. In addition to solicitation by mail, proxies may be solicited by personal interviews, telephone or other means of communication and by directors, officers and employees of the Corporation, who will not be specifically remunerated therefor.

Who can Vote?

Shareholders at the close of business on May 20, 2022 (the “**Record Date**”) are entitled to receive notice of, and to vote at, the Meeting. To the extent a Shareholder transfers the ownership of any of their Common Shares after the Record Date and the transferee of those Common Shares establishes that they own such Common Shares and requests, at least ten days before the Meeting, to be included in the list of Shareholders eligible to vote at the Meeting, such transferee will be entitled to vote those Common Shares at the Meeting.

A quorum will be present at the Meeting if there are at least two persons present together holding or representing by proxy at least 5% of the total number of votes attaching to the issued Common Shares with voting rights at the Meeting. If any Common Share entitled to be voted at a meeting of Shareholders is held by two or more persons jointly, the persons or those of them who attend the Meeting of Shareholders constitute only one Shareholder for the purpose of determining whether a quorum of Shareholders is present.

How to Vote

The procedures for voting are different for a Registered Shareholder and a Beneficial Shareholder.

Registered Shareholders

A Registered Shareholder may vote in person at the Meeting or by proxy or they may appoint another person, who does not have to be a Shareholder, as their proxy to attend in person and vote in their place. The persons named in the enclosed form of proxy are directors and/or officers of the Corporation.

Each Registered Shareholder submitting a proxy has the right to appoint a proxyholder other than the persons designated in the form of proxy furnished by the Corporation, who need not be a Shareholder, to attend and act for the Registered Shareholder and on the Registered Shareholder’s behalf at the Meeting. To exercise such right, the names of the persons designated by Management should be crossed out and the name of the Registered Shareholder’s appointee should be legibly printed in the blank space provided in the enclosed form of proxy or by submitting another appropriate form of proxy.

Registered shareholders can vote by proxy in one of two ways:

- Online at <https://login.odysseytrust.com/pxlogin>. You will require the CONTROL NUMBER to vote online. If you vote by Internet, do not mail this proxy.
- by mail or hand delivery at Odyssey Trust Company, Trader’s Bank Building 702, 67 Yonge Street, Toronto ON M5E 1J8

Registered Shareholders will need to include their 12-digit control number (located on the first page of the proxy form that was sent to them) to identify themselves as a Registered Shareholder.

OdysseyTrust Company (“**Odyssey Trust**”) must receive completed proxy forms not less than 48 hours, excluding Saturdays, Sundays and statutory holidays in the Province of Ontario, before the time set for the holding of the Meeting or any adjournment(s) thereof.

All Common Shares represented at the Meeting by properly completed forms of proxy will be voted or withheld from voting in accordance with the specifications of the Registered Shareholder contained in the proxy. **In the absence of such specification, such Common Shares will be voted in favour of the matters set forth in the Circular.** All Common Shares represented at the Meeting will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called. The form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice and with respect to other matters which may properly come before the Meeting or any adjournment(s) thereof. At the time of printing this Circular, Management knows of no such amendments, variations or other matters to come before the Meeting.

Beneficial Shareholders

Certain Common Shares may be held by Beneficial Shareholders. Most intermediaries delegate responsibility for obtaining voting instructions from their clients to Broadridge Financial Solutions Inc. (“**Broadridge**”). Broadridge typically mails a scannable voting instruction form (the “**Voting Instruction Form**”) in lieu of the form of proxy provided by the Corporation.

Beneficial Shareholders can vote by proxy in the following ways:

- complete and return the Voting Instruction Form to Broadridge;
- call the toll-free telephone number (1-800-474-7493); or
- access Broadridge’s dedicated voting website at www.proxyvote.com to deliver their voting instructions.

Broadridge will tabulate the results of all instructions received and provide appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. The Voting Instruction Form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted. Beneficial Shareholders cannot use the Voting Instruction Form to vote Common Shares directly at the Meeting.

If you received voting materials from a Corporation other than Broadridge, you need to complete and return the form following the instructions they have provided.

If the Beneficial Shareholder wishes to vote their Common Shares at the Meeting, it must do so as proxyholder for the Registered Shareholder. To do this, the Beneficial Shareholder should enter their name in the blank space on the Voting Instruction Form provided and return the same to their broker or other intermediary (or the agent of such broker or other intermediary) in accordance with the instructions provided by such broker, intermediary or agent well in advance of the Meeting.

There are two categories of Beneficial Shareholders for the purposes of applicable securities regulatory policy in relation to the mechanism of dissemination to Beneficial Shareholders of proxy-related materials and other securityholder materials and the request for voting instructions from such Beneficial Shareholders. Non-objecting beneficial owners (“**NOBOs**”) are Beneficial Shareholders who have advised their intermediary (such as brokers or other nominees) that they do not object to their intermediary disclosing ownership information to the Corporation, consisting of their name, address, e-mail address, securities holdings and preferred language of communication. **Securities legislation restricts the use of that information to matters strictly relating to the affairs of the Corporation.** Objecting beneficial owners (“**OBOs**”) are Beneficial Shareholders who have advised their intermediary that they object to their intermediary disclosing such ownership information to the Corporation.

In accordance with the requirements of NI 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), the Corporation is sending the Notice, this Circular and a voting instruction form or a Proxy, as applicable (collectively, the “**Meeting Materials**”), indirectly through intermediaries to NOBOs and OBOs. NI 54-101 permits the Corporation, in its discretion, to obtain a list of its NOBOs from intermediaries and use such NOBO list for the purpose of distributing the Meeting Materials directly to, and seeking voting instructions directly from, such NOBOs. As a result, the Corporation is entitled to deliver Meeting Materials to Beneficial Shareholders in two manners: (a) directly to NOBOs and indirectly through intermediaries to OBOs; or (b) indirectly to all Beneficial Shareholders through intermediaries. In accordance with the requirements of NI 54-101, the Corporation is sending the Meeting Materials indirectly through intermediaries to all Beneficial Shareholders. The Corporation does not intend to pay for the fees and expenses of intermediaries for their services in delivering the Meeting Materials to the Beneficial Shareholders in accordance with NI 54-101; Beneficial Shareholders will not receive the materials unless their intermediary assumes the cost of delivery.

Changing Your Vote or Appointee

Registered Shareholders can revoke their previously submitted proxy form by voting at the Meeting. That will automatically revoke their previous proxy (but will not affect a matter on which a vote is taken before such revocation). In addition, a proxy may be revoked by instrument in writing executed by the Registered Shareholder or their attorney authorized in writing or, if the Registered Shareholder is a corporation, under its corporate seal and by a director, officer or attorney thereof duly authorized, and deposited either: (i) at the offices of the Corporation's transfer agent, Odyssey Trust Company, Trader's Bank Building 702, 67 Yonge Street, Toronto ON M5E 1J8, not less than 48 hours, excluding Saturdays, Sundays and statutory holidays in the Province of Ontario, before the time set for the holding of the Meeting or any adjournment(s) thereof; or (ii) at the head office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used.

Beneficial Shareholders may revoke their previously submitted voting instructions by contacting their intermediary.

A shareholder who wishes to appoint a person other than the management nominees identified on the form of proxy or voting instruction form, to represent him, her or it at the Meeting may do so by inserting such person's name in the blank space provided in the form of proxy or voting instruction form and following the instructions for submitting such form of proxy or voting instruction form. This must be completed prior to registering such proxyholder, which is an additional step to be completed once you have submitted your form of proxy or voting instruction form. If you wish that a person other than the management nominees identified on the form of proxy or voting instruction form attend and participate at the Meeting as your proxy and vote your Shares, including if you are a nonregistered shareholder and wish to appoint yourself as proxyholder to attend, participate and vote at the Meeting, you MUST register such proxyholder after having submitted your form of proxy or voting instruction form identifying such proxyholder. Failure to register the proxyholder will result in the proxyholder not receiving a Username to participate in the Meeting. Without a Username, proxyholders will not be able to attend, participate or vote at the Meeting. To register a proxyholder, shareholders MUST send an email to appointee@odysseytrust.com and provide Odyssey Trust with their proxyholder's contact information, amount of shares appointed, name in which the shares are registered if they are a registered shareholder, or name of broker where the shares are held if a beneficial shareholder, so that Odyssey may provide the proxyholder with a Username via email.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate Governance

Corporate governance relates to the activities of the board of directors of the Corporation (the "Board"), the members of which are elected by and are accountable to the Shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with

the day-to-day management of the Corporation. National Policy 58-201 *Corporate Governance Guidelines* (“NP 58-201”) establishes corporate governance guidelines which apply to all public companies. These guidelines are not intended to be prescriptive but to be used by issuers in developing their own corporate governance practices. The Board is committed to sound corporate governance practices, which are both in the interest of its Shareholders and contribute to effective and efficient decision making.

Pursuant to National Instrument 58-101 *Disclosure of Corporate Governance Practices* (“NI 58-101”), the Corporation is required to disclose its corporate governance practices, as summarized below. The Board will continue to monitor such practices on an ongoing basis and, when necessary, implement such additional practices as it deems appropriate.

Board of Directors

It is proposed that Shawn Dym, Matthew Shalhoub, Jakob Ripshtein, Mark Hubler and Robert Ritchot will be nominated at the Meeting to hold office until close of the next annual meeting of Shareholders or until their successors are duly elected or appointed pursuant to the by-laws of the Corporation, unless their offices are earlier vacated in accordance with the provisions of the *Business Corporations Act* (Ontario) (the “OBCA”) or the Corporation’s by-laws.

NI 58-201 suggests that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as “independent” directors, within the meaning set out under National Instrument 52-110 *Audit Committees* (“NI 52-110”), which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Corporation. “Material relationship” is defined as a relationship which could, in the view of the Corporation’s board of directors, be reasonably expected to interfere with the exercise of a director’s independent judgment.

Shawn Dym, Robert Ritchot, and Matthew Shalhoub are not considered “independent.” Jakob Ripshtein and Mark Hubler are expected to be considered “independent” (the “Independent Directors”) as they are free from a direct or indirect material relationship with the Corporation, which could reasonably be expected to interfere with the exercise of their independent judgment as directors. Note that since the commencement of the Corporation’s fiscal year ended June 30, 2021, the Independent Directors will not have worked for the Corporation, received remuneration from the Corporation (other than in his capacity as a director) or had material contracts with or material interests in the Corporation which could interfere with his ability to act in the Corporation’s best interests.

The Board has taken reasonable steps to ensure that adequate structures and processes are in place to permit the Board to function independently of Management. The Board is of the opinion that the size of the Board is adequate and facilitates the efficiency of its deliberations, while ensuring a diversity of opinion and experience. It believes that each and every director is eager to fulfil his or her obligations and assume his or her responsibilities in the Corporation’s best interests, with due regard to the best interests of the Corporation’s shareholders. To enhance its ability to act independently of Management, the independent members of the Board may meet without Management and the non-independent directors as they deem appropriate after board meetings. In the event of a conflict of interest at a meeting of the Board, the conflicted director will, in accordance with corporate law and his or her fiduciary obligations as a director of the Corporation, disclose the nature and extent of his or her interest to the meeting and abstain from voting on the matter at issue. In addition, the members of the Board who are not members of Management are encouraged to obtain advice from external advisors and legal counsel as they may deem necessary in order to reach a conclusion with respect to issues brought before the Board. The Board provides leadership for its independent directors through formal Board meetings, by encouraging independent directors to bring forth agenda items, and by providing independent directors with access to senior management, outside advisors, and unfettered access to information regarding our activities. The relatively small size of the Board facilitates this process.

Directorships

The following table sets forth the directors of the Corporation who currently hold directorships in other

reporting issuers:

Name of Director	Other Issuer
Jakob Ripshtein	Next Stage Cannabis Innovation Inc.

Orientation and Continuing Education

The Corporation does not provide a formal orientation and education program for new directors. However, any new directors will have the opportunity to become familiar with the Corporation by meeting with the other directors and officers of the Corporation.

In addition, the Corporation does not provide continuing education for its directors. However, new directors, if any, will be briefed on the Corporation's strategic plans, short, medium, and long-term corporate objectives, business risks and mitigation strategies, corporate governance guidelines and existing company policies.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation, the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation.

Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Corporation and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. In addition, as some of the directors of the Corporation may also serve as directors and officers of other companies engaged in similar business activities, directors must comply with the conflict of interest provisions of the *Business Corporations Act* (Ontario), as well as the relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors, which evoke such a conflict.

Nomination of Directors

The Board has not appointed a nominating committee and these functions are currently performed by the Board as a whole. As a result of the Corporation's size, its stage of development and the limited number of individuals on the Board, the Board considers a nominating committee to be inappropriate at this time.

Compensation

The Corporation has formed a Compensation committee (the "Committee") and appointed three directors (Jakob Ripshtein, Matt Shalhoub, and Mark Hubler) as members of the Committee for the term that ends at the Meeting. The Committee examines executive compensation and makes recommendations on setting such compensation to the Board. The Committee meets formally once or twice a year and also communicates informally to discuss compensation for management and staff equity awards.

The Committee members draw on their previous public and private company executive management experience and their knowledge of the industry, including industry comparables, to assist their determinations on the Corporation's compensation policies and practices. The Committee establishes a remuneration and benefits plan for directors, executives, and other key employees, and reviews the adequacy and form of compensation of directors and senior management. The responsibilities, powers and operation of the Committee include, but are not limited to:

- establishing the Corporation’s compensation philosophy, and overseeing the development and implementation of compensation programs;
- reviewing and approving corporate goals and objectives relevant to the compensation of the CEO;
- reviewing and approving any compensation and compensation programs applicable to senior management;
- making recommendations to the Board with respect to the Corporation’s incentive compensation plans and equity-based plans;
- exercising all powers of the Board with respect to the Stock Option Plan and any other equity-based plans for the Corporation, reviewing and approving stock option grant and other equity based award guidelines proposed by management, reviewing and approving any amendments to existing plans;

STATEMENT OF EXECUTIVE COMPENSATION

The following disclosure of compensation earned by certain executive officers and directors of the Corporation in connection with their office or employment with the Corporation is made in accordance with the requirements of National Instrument 51-102 – *Continuous Disclosure Obligations* ("NI 51-102") and Form 51-102F6V – *Statement of Executive Compensation – Venture Issuers* ("Form 51-102F6V"). Disclosure is required to be made in relation to "Named Executive Officers" (as defined below).

For the purpose of this section, a "CEO" or "CFO" means each individual who served as Chief Executive Officer or Chief Financial Officer, respectively, of the Corporation or acted in a similar capacity during the years ended June 30, 2021 and 2020. A "Named Executive Officer" or "NEO" means each CEO; each CFO; and the Corporation's most highly compensated executive officer, other than the CEO and CFO, who was serving as executive officers at the end of the most recently completed financial year of the Corporation and whose total salary and bonus exceeds \$150,000; and any additional individuals (other than the CEO and CFO) for whom disclosure would have been provided except that the individual was not serving as an officer of the Corporation at the end of the most recently completed financial year end.

Compensation Discussion and Analysis

The Compensation Discussion and Analysis section of this Circular sets out the objectives of the Corporation's executive compensation arrangements, the Corporation's executive compensation philosophy and the application of this philosophy to the Corporation's executive compensation arrangements.

When determining the compensation arrangements for the Named Executive Officers and directors, the Board considers the objectives of: (i) retaining an executive critical to the success of the Corporation and the enhancement of Shareholder value; (ii) providing fair and competitive compensation; (iii) balancing the interests of management and Shareholders of the Corporation; and (iv) rewarding performance, both on an individual basis and with respect to the business in general.

Benchmarking

In determining the compensation level for each executive, the Board looks at factors such as the relative complexity of the executive's role within the organization, the executive's performance and potential for future advancement, the compensation paid by other companies in the same industry as the Corporation, and pay equity considerations.

Elements of Compensation

The compensation paid to the Named Executive Officers and directors in any year consists of three (3) primary components:

- i. base salary;
- ii. long-term incentives in the form of stock options granted under the Corporation's stock option plan (as defined below), which are granted on a discretionary basis by the Board with reference to the same factors discussed above; and
- iii. incentive bonuses, which are granted on a discretionary basis by the Board with reference to the same factors discussed above.

The Corporation believes that making a significant portion of the Named Executive Officers' and directors' compensation based on a base salary, long-term incentives and incentive bonuses supports the Corporation's executive compensation philosophy, as these forms of compensation allow those most accountable for the Corporation's long-term success to acquire and hold the Corporation's shares. The key features of these three primary components of compensation are discussed below:

1. Base Salary

Base salary recognizes the value of an individual to the Corporation based on his or her role, skill, performance, contributions, leadership and potential. It is critical in attracting and retaining executive talent in the markets in which the Corporation competes for talent. Base salaries for the Named Executive Officers and directors are reviewed annually. Any change in the base salary of a Named Executive Officer or a director is generally determined by an assessment of such executive's performance, a consideration of competitive compensation levels in companies similar to the Corporation and a review of the performance of the Corporation as a whole and the role such executive officer played in such corporate performance.

2. Stock Option Awards

The Corporation provides long-term incentives to the Named Executive Officers and directors in the form of stock options as part of its overall executive compensation strategy. The Board believes that stock option grants serve the Corporation's executive compensation philosophy in several ways: they help attract, retain, and motivate talent; they align the interests of the Named Executive Officers and directors with those of the Shareholders by linking a specific portion of the officer's total pay opportunity to share price; and they provide long-term accountability for Named Executive Officers and directors.

3. Incentive Bonuses

Any bonuses paid to the Named Executive Officers and directors are allocated on an individual basis related to the review by the Board of the work planned during the year and the work achieved during the year, including work related to administration, financing, Shareholder relations and overall performance. The bonuses are paid to reward work done above the base level of expectations.

The Corporation does not have any policies which permit or prohibit a Named Executive Officer or director to purchase financial instruments.

Option-Based Awards

The Corporation does not have any pension plans or incentive plans (whether equity or non-equity based) other than the Corporation's stock option plan dated July 5, 2019.

Stock options are granted to provide an incentive to the directors, officers, employees and consultants of the Corporation to achieve the longer-term objectives of the Corporation. The purpose of the Corporation's Stock Option Plan is to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Corporation and to attract and retain persons of experience and ability by providing them with the opportunity to acquire an increased proprietary interest in the Corporation. Stock options are also used as a means to promote the long-term retention of individuals. Previous grants of incentive stock options are taken into account when considering new grants.

Under the Stock Option Plan, the Board may, from time to time and at its discretion, grant to directors, officers, employees or consultants of the Corporation options to acquire Common Shares, provided that the number of options granted does not exceed 10% of the Common Shares issued and outstanding following the termination of the Corporation's initial public offering. The exercise price of the options shall be determined by the Board, provided that such price shall not be less than the fair market value of the shares on the date of grant of the option (the "**Market Price**"). The Market Price of the shares of the Corporation shall mean the prior trading day closing price of the shares of the Corporation on any stock exchange on which the shares are listed or last trading price on the prior trading day on any dealing network where the shares trade, and where there is no such closing price or trade on the prior trading day, "market price" shall mean the average of the daily high and low board lot trading prices of the shares of the Corporation on any stock exchange on which the shares are listed or dealing network on which the shares of the Corporation trade for the five (5) immediately preceding trading days. Notwithstanding the foregoing, in the event that shares are listed on the Canadian Securities Exchange (CSE), the exercise price shall not be lower than the greater of the closing of the market price of the shares on (a) the prior trading day, and (b) the date of grant of the options. The options shall be exercisable for a period not exceeding 10 years and are non-assignable and not transferable.

Upon the optionee ceasing to be a director, officer, employee or consultant of the Corporation, options will expire thirty (30) days from the date of termination, subject to the option's date of expiration. In the event of the death of the optionee, options will expire thirty (30) days from the date of termination, subject to the option's date of expiration. In the event of the termination with cause of the optionee, the options granted will expire thirty (30) days from the date of termination.

ISSUERS WITH U.S. MARIJUANA-RELATED ACTIVITIES

Marijuana is illegal under US federal law and enforcement of relevant laws is a significant risk to Humble’s Cannabis Accessories business segment in the United States.

Canadian Securities Administrators Staff Notice 51-352 Issuers with U.S. Marijuana-Related Activities (the “Staff Notice”) provides specific disclosure expectations for issuers that currently have, or are in the process of developing, cannabis-related activities in the U.S. as permitted within a particular state’s regulatory framework. All issuers with U.S. cannabis-related activities are expected to clearly and prominently disclose certain prescribed information in prospectus filings and other required disclosure documents. For the purposes of the

Staff Notice, Humble’s activities in the United States may be classified as “direct” involvement in the United States distribution industry. The applicable regulations in the state of California, being the states of Humble’s distribution operations in the United States are summarized below in accordance with the requirements of the Staff Notice.

Humble has obtained legal counsel in the United States with respect to its operations there and on that basis Humble is not aware of any United States federal or state cannabis law that affects directly its operations or products. Approximately 2% of Humble’s United States customer base are persons who produce, process or dispense cannabis products, to Humble’s knowledge, in AK, AR, AZ, CA, CO, CT, FL, IL, MA, MD, MI, OH, OK, OR, UT, VA, VT, WA, representing less than approximately 1% of Humble’s revenue in those states. Those such customers may be adversely affected by prohibitive or restrictive changes to, or application of, U.S. federal cannabis law.

To the best of Humble’s knowledge, it is in compliance with U.S. state law and applicable licensing framework for the products or operations of Humble in California, as described below. .

Humble is not aware of any non-compliance with applicable licensing requirements and regulatory frameworks in California.

California Regulatory Environment

In 1996, California was the first state to legalize medical marijuana through Proposition 215, the Compassionate Use Act of 1996 (the “CUA”). This legalized the use, possession and cultivation of medical marijuana by patients with a physician recommendation for treatment of cancer, anorexia, AIDS, chronic pain, spasticity, glaucoma, arthritis, migraine, or any other illness for which marijuana provides relief.

In 2003, Senate Bill 420 was signed into law establishing an optional identification card system for medical marijuana patients and creation of patient “collectives.” In September 2015, the California legislature passed three bills collectively known as the “Medical Cannabis Regulation and Safety Act” (the “MCRSA”). The MCRSA established a licensing and regulatory framework for medical marijuana businesses in California. The system created multiple license types for dispensaries, infused products manufacturers, cultivation facilities, testing laboratories, transportation companies and distributors. Edible infused product manufacturers would require either volatile solvent or non-volatile solvent manufacturing licenses depending on their specific extraction methodology. Multiple agencies would oversee different aspects of the program and businesses would require a state license and local approval to operate. However, in November 2016, voters in California overwhelmingly passed Proposition 64, the “Adult Use of Marijuana Act” (“AUMA”) creating an adult-use marijuana program for adult-use 21 years of age or older. In June 2017, the California State Legislature passed Senate Bill No. 94, known as Medicinal and Adult-Use Cannabis Regulation and Safety Act (“MAUCRSA”), which combined MCRSA and AUMA to provide one set of regulations to govern medical and adult-use licensing regime for cannabis businesses in the state of California. MAUCRSA is codified at California Business and Professions Code sections 26000, *et seq.*

MAUCRSA went into effect on January 1, 2018. Until recently, the three agencies that regulated cannabis at the state level were the California Department of Consumer Affairs’ Bureau of Cannabis Control (the “BCC”), California Department of Food and Agriculture (the “CDFA”), California Department of Public Health (the “CDPH”). In July 2021, the BCC, CDFA, and CDPH were consolidated by California Assembly Bill 141 (approved by Governor July 12, 2021) into the California Department of Cannabis Control (the “DCC”), which now acts as the sole state regulatory agency responsible for the licensing and regulations of all cannabis businesses. The California Department of Tax and Fee Administration (“CDTFA”) oversees tax collection for various cannabis-specific state taxes.

Compliance with California Law

Under MAUCRSA, licensed cannabis operators are required to obtain both local and state authorizations to operate and comply with state regulations under California Code of Regulations, Title 4, Division 19, and

applicable local regulations.

HC Solutions Holdings, Inc., a Delaware corporation (“HC Solutions”), wholly-owned by Humble, operates Cabo Connection, a California corporation (“Cabo”). Cabo is a licensed cannabis manufacturer and distributor located at a 4,000 square foot facility in the City of Los Angeles. Cabo has obtained local authorization from the City of Los Angeles Department of Cannabis Regulation (the “DCR”) and DCC for manufacturing and distribution activities.

HC Solutions ensures regulatory compliance with its inside compliance department and outside legal counsel. In 2022, HC Solutions hired Alyssa Clemmer to serve as its Director of Compliance. Prior to joining HC Solutions, Ms. Clemmer was the Compliance Director for Eaze. HC Solutions also relies on outside counsel Weinberg Gonser Frost LLP, a Los Angeles-based law firm with counsel dedicated to advising cannabis businesses on California regulatory compliance. Cabo is in compliance with applicable state and local law, regulations, and ordinances.

HC Solutions has comprehensive inventory management procedures, which are compliant with the rules set forth by the DCC and all other applicable state and local laws, regulations, ordinances, and other requirements. These procedures ensure strict control over Cabo’s cannabis and cannabis product inventory from delivery by a licensed distributor to sale or delivery to a consumer, or disposal as cannabis waste. Such inventory management procedures also include measures to prevent contamination and maintain the safety and quality of the products distributed by Cabo.

Reporting Requirements

The state of California selected Franwell Inc.’s METRC solution (“METRC”) as the state’s track-and-trace (“CCTT”) system used to track commercial cannabis activity and movement across the distribution chain (“seed-to-sale”). The METRC system is mandatory for all licensed operators in the state of California. The system allows for other third-party system integration via application programming interface (“API”). Cabo utilizes DISTRU, as its inventory management software, which provides real-time reporting of its commercial cannabis activity to CCTT.

Other Activities in the US

Windship Trading LLC, a wholly-owned Texas subsidiary of Humble (“Windship”) and operates as a leading distributor for the smoke shop and cannabis accessories industries in the United States. Since 2010, Windship has serviced thousands of smoke shop retailers, sub-distributors, e-commerce companies, CBD retailers and currently offers over 8,000 products in their portfolio.
