Ionic Digital Inc. is a new corporation that was formed to hold and operate the bitcoin mining business it acquired from affiliates of Celsius Network LLC for the benefit of Ionic Digital's shareholders. On July 13, 2022, Celsius Network LLC and certain of its affiliates (the "Debtors") filed voluntary petitions for relief under Chapter 11 of the United States Bankruptcy Code in the U.S. Bankruptcy Court for the Southern District of New York (the "Bankruptcy Court"). On November 9, 2023, the Bankruptcy Court confirmed the *Modified Joint Chapter 11 Plan of Reorganization of Celsius Network LLC and Its Debtor Affiliates* [Docket No. 3972, Ex. A] (as may be supplemented or amended from time to time, the "Plan"), and on January 31, 2024, the Plan became effective. The Plan provides that a new entity ("MiningCo") be formed to hold and operate the Debtors' mining business for the benefit of holders of "MiningCo Common Stock." Ionic Digital is the entity referenced in the Plan as "MiningCo." Equity in Ionic Digital (the "Ionic Digital Common Stock") will be distributed to creditors of the Debtors as set forth under the Plan.
